CELEBRATE YOUR WEDDING AT LA ORGANIC

INTRODUCING LA ORGANIC

The land, forever

Sunbathed in the light of Ronda is LA Organic. An enchanting setting where nature and design merge, creating a unique experience surrounded by olive trees and the scents of the lavender fields. Celebrating your wedding at our venue means reconnecting with the land, enjoying breathtaking views of the Sierra de Grazalema.

SPACES

The most natural *I do*

Located on the outskirts of Ronda, the organic farm LA Organic is a temple dedicated to olive oil. Its 26 hectares make it a privileged place to enjoy nature. Surrounded by olive trees we find El Cortijo LA Organic, a traditional 19th century Andalusian farmhouse, restored by Stefano Robotti.

LA Organic has a wide variety of spaces, allowing all kinds of celebrations to take place: from intimate gatherings for family and friends, to large events with more than 300 guests.

PARKING

More spaces for imagination

But LA Organic is much more: we have intimate corners, spacious esplanades with magnificent views of nature, sheltered dens, and others in the open air. Imagine a DJ in a yurt, a photocall in a teepee, or a show in the open ... your possibilities at LA Organic are unlimited.

GREENHOUSE

Singular and extraordinary

Our Greenhouse is both avant-garde and traditional; the calm rhythm of a herd of sheep in front of a boldly designed building; a tribute to the folklore of Andalusia. It is in the lounges, terraces, and gardens where everything comes together. Magic and unique, like that day when you will say “Yes, I do”.

EL CORTIJO

A haven of privacy

One of the most important moments of your life is approaching. In our farmhouse you will have a private space for you and your circle of trust; a place to expel nerves, take a deep breath in front of the mirror and prepare to offer your best version during the reception. And, once it's over, you awaken face to face with your love in this haven, in what will be the first of infinite days, more united than ever.

ROOMS

Experience the first of infinite nights

The farmhouse has five rooms for couples and their families to stay in, named after different varieties of olives.

Each room has been refurbished in a modern style, incorporating all the modern conveniences necessary for a comfortable stay at LA Organic, including wifi, air conditioning, heating, swimming pool, catering service, kitchen, veranda, terrace, lounge and common areas.

NATURE AND DESIGN

A unique location for a unique wedding

Renowned French designer Philippe Starck is co-founder of LA Organic. His creative vision extends throughout the estate, being present in unique pieces that can be found both in the exterior of the Cortijo and in its communal areas.

These elements unite tradition and the avant-garde, creating unique environments that allow you to rediscover nature in a fresh and surprising way.

SERVICES

Tailor-made to your dreams

In addition to the services offered by LA Organic for the celebration, we have a whole network of companies and professional collaborators to design the wedding experience of your dreams.

You can count on our team or your own professionals; we will be happy to work with all of them.

LA ALMAZARA

Just as exceptional as your union

With the help of our Museum-Almazara your link will be on everyone's lips; avant-garde architecture renowned worldwide for its uniqueness; an experience full of surprises, symbolism and references to Andalusian folklore.

In the words of Philippe Starck, alma mater of the project, our oil mill "is like Andalusia: austere, rigorous, real, exaggerated, extreme, timeless, strong, spiritual and passionate. It is the mill and the work tool, as well as a monumental temple to the glory of eternal olive oil".
